Sustainability at Compass Group Switzerland Ltd

Social and environmental initiatives

Achieving Net Zero by 2030

We want to be climate neutral by 2030 in our operations and by 2050 in our entire supply chain.

Reduce our food waste by 50% by 2027

Become a certified B-Corp company by 2024

This label is awarded to companies that have integrated social and ecological objectives into their business model and operational processes.

Invest in staff

Pay equal salaries and continue to invest in training.

Actions

We buy and process ungraded fruits and vegetables

We create menus with a low carbon footprint

We encourage meals without or with a minimum of animal protein (Plant Forward)

We measure food waste

We reduce overproduction through creative recipes

We collect organic waste to produce biogas

We ban single-use plastic and use reusable containers, glass bottles and other sustainable packaging.

Supply

+ 200 local producers

+ 20 Swiss organic producers

70% of products are delivered by a single supplier to reduce transport emissions.

Enrichment

We favor local and seasonal products

We are actively involved in various social projects in the cities of Lausanne, Geneva and their outskirts.

Declaration of origin

Meat and poultry

We always declare the origin of meat and poultry transparently on our menus. The ISO country code tells you directly about the country of origin of the meat and poultry.

If delivery difficulties lead us to make last-minute changes, our declaration is updated the same day when the menu is distributed.

Poultry	Switzerland (CH), France (FR)
Pork	Switzerland (CH)
Beef	Switzerland (CH)
Veal	Switzerland (CH)
Lamb	New Zealand (NZ)

Fish

For the purchase of our fish, we work with selected suppliers who support us in our environmental approaches and offer us fish from sustainable resources (by WWF as acceptable or recommended).

Our menus always inform you about the origin of fish.

We refer to FAO for information on fishing areas:
